HELLO, ADVENTURERS!

Heading into our 29th season at Adventure Canada, we have milestones on our minds. Some are grand—like Canada’s 150th anniversary in 2017, a cause for celebration from coast to coast to coast. Others are closer to home. Last year, Jason and I welcomed our second child, Islay, who joins big sister Charlotte and cousins Leah, Olivia and Brian—Alana and Brian’s kids—as the third generation of Swans taking to the sea! Our team is growing too, adding new energy while embracing the family ethos that makes Adventure Canada unique. As we evolve, we maintain our intimate connections with communities—and our unwavering commitment to go lightly on the land.

Whether we’re cruising pristine fjords, photographing wildlife by Zodiac, gathering in an Arctic hamlet, or walking over tundra in bloom, Adventure Canada is about passionate people visiting inspiring places.

And there’s so much to look forward to: departing Quebec City for Mighty Saint Lawrence; returning to Sable Island; circumnavigating Newfoundland; cruising Greenland & Wild Labrador. Revisiting our classics: Heart of the Arctic, Arctic Explorer, and Arctic Safari. And capping the season with our Canadian Signature Experiences: voyages into, and out of the legendary Northwest Passage.

2016 beckons brilliantly, with a splendid 2017 on the horizon. Won’t you join us?

Travelling with Adventure Canada is an experience unlike any other—and not just because of our incredible destinations. We pride ourselves on providing an immersive cultural experience both on and off the ship.

Our shipboard programming is fun and educational. We host presentations, debates, and workshops to provide perspective and understanding; our expedition staff—experts in their respective fields—are approachable, available on deck, and always onshore during excursions. Staff and passengers dine together for lively, informative conversations; we believe laughter should be a part of every experience.

Our unique mix of entertainment and humour is integral to our evening concerts, trivia nights, theme dinners, and dances. Each day’s excursions are thoughtfully planned to make the most of the local environment and conditions. Hiking, wildlife viewing, historic sites, community visits, and Zodiac cruising are regular activities. Engaging presentations and hands-on activities are offered each day; these range from photography and printmaking workshops to examinations of ancient peoples and current events. You choose activities that are best suited to your abilities and interests.

Our close relationships with local people in the regions we visit set us apart. Adventure Canada has a proud history of working with communities, hiring locally, and ensuring our vision of tourism is a sustainable one. We are grateful to work alongside so many talented individuals and have them invite us into their home territories. In turn, we are proud to invite community members on board to enjoy the hospitality of the Ocean Endeavour while sharing their stories and experiences with us.

Fun and casual, rugged yet comfortable—Adventure Canada’s expedition cruises are true voyages of discovery.
Adventure Canada’s team travels to some of the world’s wildest, most remote destinations. Polar bear sightings, Zodiacs zipping between waves, and towering icebergs are all in a day’s work. Time and time again, it is our intrepid team of resource specialists that makes our expeditions so special. We fly the majority of our staff members in for each voyage—this ensures that we have experts in the specific regions aboard who are as excited to be there as you are!

We are authors and painters; we are archaeologists and filmmakers. We are musicians and geologists and anthropologists and marine biologists. We are birdwatchers and songwriters, photographers and hunters, culturalists, philosophers, politicians, meteorologists, sculptors, historians, sailors, and swimmers of sub-zero water. We hail from far and wide, and we are luminary minds in our respective fields. Above all, we share in a deep love for discovery. For learning. For exploration and growth. And we are family.
“THE WORD I WOULD USE TO DESCRIBE THIS TRIP IS ‘AWESOME’.”

SABLE ISLAND

JUNE 11 – 19, 2016 & JULY 5 – 13, 2017

Sable Island’s wild horses are world-famous, but there’s so much more to this remote sand island off the coast of Nova Scotia. The world’s largest colony of grey seals breeds here, as does the rare roseate tern and the endemic Ipswich sparrow, among many birds of note. Amid the island’s forty-two kilometres of beaches, dunes, and bogs you’ll find a plethora of plants: from iris, to sundew, to wild berries in abundance. Whales and sharks ply the nearby waters.

Sable Island’s history includes shipwrecks and salvage; sealing and walrus hunting; rescue and research. Still, the horses remain the island’s most charismatic residents. Free to roam, they represent one of the world’s last wild equine populations and their spirited antics are truly a sight to behold. Now protected as Canada’s forty-third national park, Sable Island offers an experience unlike any other.

ARCTIC SAFARI

Our classic Arctic expedition begins by exploring Greenland’s fjords and communities. The great icefjord at Ilulissat, a UNESCO World Heritage Site and source of the majority of the icebergs in the North Atlantic, is one of many highlights. Across the Davis Strait, the Canadian Arctic experience begins in Qikiqtarjuaq (Broughton Island). As we head north, opportunities for polar bear, whales, and musk ox abound on Devon Island, while Prince Leopold Island is one of Canada’s best birding areas. Abandoned RCMP and HBC posts offer a glimpse into the region’s rich history; at Beechey Island, we’ll pay our respects at the graves of three of Sir John Franklin’s men. Resolute Bay memorializes the courage of the Inuit of Canada’s Arctic.

On this trip, we will live and breathe the natural history of some of the planet’s most striking features as we search for the cultures and wildlife of the vast and beautiful north.

Arctic Explorer begins in the land of the midnight sun: Quasuiittuq (Resolute). From the "place with no dawn", we’ll visit the final resting place of three members of the Franklin Expedition at Beechey Island. Along the northern coast of Baffin Island we’ll search for polar bears and walrus before continuing on to visit northern communities like Ikpiarjuk (Arctic Bay) and Mittimatalik (Pond Inlet). Arctic Explorer features stops in Niqinganiq (Isabella Bay),—the world’s first Inuit-initiated whale sanctuary—and Uummannaq, with its towering mountain and Ilulissat with its spectacular icefjord.

Join us as we explore the far northern reaches of Nunavut and Greenland and see what has been wrought without the hand of man. Learn about the lives carved out in some of the world’s most inhospitable—yet beautiful—places.

INTO THE NORTHWEST PASSAGE

AUGUST 26 – SEPTEMBER 11, 2016 & AUGUST 22 – SEPTEMBER 7, 2017

The Northwest Passage represents the pinnacle of Arctic exploration. On this trip, like the explorers before us, we’ll experience the quaint villages, dramatic fjords, and calving glaciers of Greenland, working our way north to spectacular Kap York. Then, crossing Smith Sound, we’ll visit Ajuittuq (Grise Fiord), Canada’s northernmost community, and pay respects at the Franklin Expedition graves at Beechey Island. Melville, Banks, and Devon Islands offer opportunities to spot Peary caribou, polar bear, walrus and musk ox—and visits to ghostly RCMP and Hudson’s Bay Company posts. Prince of Wales Strait affords a striking passage to Amundsen Gulf and our destination: Kugluktuk (Coppermine), the end of our epic journey above the Arctic Circle.

To sail the Northwest Passage is to sail living history; join the ranks of the fearless adventurers who have been lured by its spirit. Half the world away is closer than you think.

- Travel to Greenland, Nunavut, and the Northwest Territories within one sailing

OUT OF THE NORTHWEST PASSAGE

SEPTEMBER 11 – 26, 2016 & SEPTEMBER 7 – 23, 2017

The Northwest Passage remains one of the world’s last true frontiers, and this expedition takes you to its heart. Visit remote northern communities and seek out Arctic wildlife in their stunning natural habitats; witness glaciers calving and icebergs towering in deep fjords. We will spend our time above the Arctic circle in true expedition style, searching for the aurora borealis and magnificent sea ice as we sail the paths of history.

For those who have never experienced the Northwest Passage, no words can describe it; for those who have, no words are necessary. The crown jewel of Arctic expedition travel is closer than ever before.

As a registered Ontario company, we are licensed to sell travel packages through the Travel Industry Council of Ontario. We are required to keep all customer deposits in Client Trust Accounts and may only use the funds once the trip has begun or to make a deposit to an operator on behalf of the client. Our Client Trust Accounts are reviewed by a CPA on an annual basis and regularly inspected by TICO auditors.

HOW TO REGISTER

To register for an Adventure Canada expedition, each participant must complete the registration form and return it to our office with a $1,000 USD deposit. THE REGISTRATION FORM IS DOUBLE-SIDED AND YOUR SIGNATURE IS REQUIRED ON SECOND PAGE. By returning the registration form and deposit, you are acknowledging and agreeing to the Terms and Conditions and Release required for participation on any Adventure Canada excursion. All cheques must be made out to Adventure Canada and MAY NOT BE CANADIAN CHEQUES MADE OUT TO usd; ask your bank for information on foreign currency. Full payment by credit card is subject to credit card pricing.

ITINERARIES

Weather, ice, and government regulations may necessitate changes to the itineraries and/or the cancellation of certain shore excursions. Every attempt—within the limits of law, time, and safety—will be made to adhere to the itineraries described. There may be a planned alternate for your route: please inquire at the time of booking. In the event of itinerary changes, passengers are not entitled to any refund or other compensation. Should the tour be interrupted for any reason repatriation costs and expenses relating to prepaid travel expenses will be at the sole cost of the traveler. There will be no refund for any portion of the tour already taken. Adventure Canada recommends that the passenger obtains full travel insurance coverage and purchases refundable air/train tickets. Expedition fees are based on group participation. Should you choose not to take part in any activity or make use of services provided, no refund will be given. Vessels and dates are subject to change.

SINGLE TRAVELLERS

On the Ocean Endeavour, single travellers willing to share their accommodation will be guaranteed the published rate even if a roommate is not available in categories one through seven. There are a limited number of single-occupancy cabins available in categories three through seven with no single supplement charge. A single supplement charge of 1.5 times the published rate will apply when single cabins are not available.

PRE-DEPARTURE INFORMATION

Prior to your expedition we will send you a pre-departure package including a statement of account, login details for your online profile, a handbook of practical guidelines, a briefing (on local history, flora, and fauna), a reading list, and packing suggestions.

ONLINE PROFILE

Adventure Canada collects personal information from our passengers via secure online account. You are required to provide select medical and personal information, as well as acknowledgement of select liabilities. Online accounts are established by booking reservations. This means that all passengers on a given reservation will have access to each others’ information. You will be asked to acknowledge this process on our reservation form by checking the box ‘I/we agree that all passenger details will be viewable by all persons on this registration/reservation’. If you prefer to have individual access to the online account please do not check this box on the reservation form and advise your Adventure Specialist by phone or email. If you prefer to provide your personal information to Adventure Canada by mail or fax, please contact us and we will
send you paper copies. We ask that your personal information be completed at your convenience, but no less than 120 days prior to departure. You will not receive your final documents until these forms are completed and submitted.

PASSPORTS & VISAS
Passports are mandatory and must be current, with a date of expiry at least three (3) months after the trip’s conclusion. Participants are responsible for obtaining personal visas, passports, health certificates and other required documents and inoculations at their own expense. Entry to another country may be refused even if the required information and travel documents are complete.

ACTIVITY LEVEL
Adventure Canada expeditions are intended for people in reasonably good health. Zodiac cruises and transfer times can be lengthy. You must be able to climb stairs between decks on the ship. You must also be able to climb the external gangway stairs to transfer between the ship and the Zodiacs. Our guides and ship crew are available to assist you in and out of the Zodiacs, both on shore and at the gangway. Adventure Canada expeditions may involve extensive walking in variable weather conditions over sometimes sandy or uneven terrain. Wherever possible on shore excursions, we break into smaller, guided groups according to interest and physical ability. This may mean one small group going off on a strenuous, two hour hike on steep terrain, while another explores the area in and around the landing beach, keeping to relatively level terrain and short distances. Generally speaking, once a few people are ready to return to the ship, the Zodiacs are usually available to take you back at the time of your choosing.

ZODIAC CRAFT
Zodiacs are the favoured means of transportation for all our expeditions and, indeed, wherever shallow waters and beaches ring the shoreline. They are stable, versatile craft that cruise at approximately four knots; in windy weather they can make for rather splashy rides. We therefore recommend wearing wet weather gear for Zodiac transfers. Life preservers are absolutely compulsory and will be provided. Zodiac landings will generally entail disembarking onto rocky or gravelly beaches. The beach landings may be wet, meaning that there may be some spray en route to shore, and that you may have to step into water up to 25 centimetres / 10 inches deep. Rubber boots will be provided.

MEDICAL FACILITIES
This expedition is intended for persons in good health. Passengers who are not fit for long trips for any reason, including disability, heart, or other health conditions, are advised not to join the tour. Should any such condition become apparent, we reserve the right to decline embarkation. Our vessel is not equipped to handle serious medical conditions. Medical and Emergency Evacuation insurance is mandatory. A ship’s doctor will be in attendance in the ship’s small medical clinic to attend to passengers’ basic health needs. If you require specific medications, please ensure that you bring a supply adequate to last you for the duration of the journey and take care to properly pack them to ensure safe transport. Once aboard ship, we will be travelling in remote communities where prescriptions cannot be replaced. There is a fee for consultation and treatment by the onboard doctor. Any charges will be debited from your onboard account.

GRATUITIES
Our ships’ crew work hard to please, and tips are heartily appreciated. In fairness to all those who work together to make your trip enjoyable, tips are collected at the end of the voyage and distributed equitably among the crew. Although we leave tip amounts to your discretion, past passengers have asked for a recommended amount. We suggest a rate of $15 USD per day, per passenger. Gratuities will be automatically added to your shipboard account: you may advise the purser onboard if you would like to increase or decrease the tip amount. Adventure Canada staff does not accept tips.

AIRFARE
When purchasing your airline tickets to meet us at our point of departure, please ensure that they are changeable or refundable; Adventure Canada is not responsible for missed connections due to late charter flights or changes / delays / interruptions in the ship’s intended itinerary and will not reimburse you for rebooking fees or new ticket charges incurred.

DELAYS & INTERRUPTION
In the event of a delay, passengers will be responsible for all costs and expenses associated therewith, including, without limitation, any additional food, lodging, transportation costs, or charge fees resulting from such delay. Should the tour be interrupted for any reason repatriation costs and expenses relating to prepaid travel expenses will be at the sole cost of the passenger. There will be no refund for any portion of the tour already taken. Adventure Canada recommends that the passenger obtains full travel insurance coverage and purchases refundable air/train tickets.

INSURANCE
Due to the nature of the tour in which the passenger will be participating, passengers should have in place prior to departure, comprehensive insurance coverage including without limitation medical, emergency evacuation, trip cancellation and interruption, accident and baggage insurance. It is the responsibility of the passenger to secure insurance for the level of protection they desire. Adventure Canada’s cancellation terms apply to all passengers. Emergency Medical and Evacuation Insurance is mandatory for participation in all Adventure Canada expeditions and may be purchased through Adventure Canada at the time of booking and onward. Evidence of policy documentation will be required prior to embarkation. All passengers must carry a minimum of $75,000 USD per person emergency medical and evacuation coverage. This may not cover the full cost of a medical emergency. Additional expenses are the full responsibility of the passenger. Any losses sustained by the passenger as a result of the passenger failing to obtain proper insurance coverage shall be the sole responsibility of the passenger. For full coverage, including cancellation coverage prior to departure, passengers are strongly recommended to obtain travel insurance. As the passenger firms up their travel plans the passenger may insure additional trip related expenses (for example commercial airfare, accommodations, pre and post excursions and discrepancies in currency), please contact your client services specialist to do so.

BAGGAGE
Baggage is solely at the passenger’s risk and expense. Baggage is limited to a maximum weight of 20 Kg or 44 lbs for all excursions involving an Adventure Canada charter flight. Also, commercial airline luggage allowance differs from carrier to carrier; please check with the passenger’s airline for current standards and weight restrictions. Excess baggage is not permitted on charter flights. Any excess baggage charges for commercial flights are the responsibility of the passenger. Passenger’s baggage is restricted to suitcases and hand luggage of such size and type as can comfortably and safely be stored in the passenger’s cabins. Cabin trunks are not acceptable and will not be permitted on board the vessel.

IMAGES AND PRIVACY
On these trips Adventure Canada takes many photos, some of which are used for promotional purposes. If the passenger would not like photos which include the passenger to be used, please let Adventure Canada know in advance. Adventure Canada may also celebrate the passenger’s birthday or special events: please advise Adventure Canada if the passenger would like to abstain.
